

Charlie Kruger

8th Grade

South Lake Middle School

MASK UP!

Wear a mask to show you care
There is a virus in the air, beware!
You show your ignorance
With your face left bare

Everyone knows this,
I am sure you, too, are aware!
There is no mystery there
It is NOT just a silly scare

You think that you can go just anywhere?
During this time of biological warfare??

The only way to fight this war
Is to declare that you and I,
And we and they will go mask less
Nowhere where we breath the same air

So..if you want to be a Hero
Of Health education and everyone's welfare...

MASK UP!!

(Take care!)
