## SUPPORT SERVICES PROVIDED

## CLIENT STORIES

Our LHA client, Maria lost her job in June. She is a single mother with no health insurance. She received monetary aid from LHA after participating in the support group "The New Normal". She says thinking about her family's situation caused her distress and she needed support. The support groups we have given her have helped a lot, and she is very grateful to LHA. She says the monetary support was of great help in covering expenses during the pandemic.

When I got sick [with COVID-19], the OC API staff found me a hotel room to isolate in. They brought me food and groceries so I would not go out. OC API helped me so much.
