

# Overview of COVID-19 Outreach, Education, and Support Services

SEPTEMBER 2020

The following provides an overview of outreach, education, and support services provided by Latino Health Access and the OC API Taskforce for September 2020.

## OUTREACH ACTIVITIES

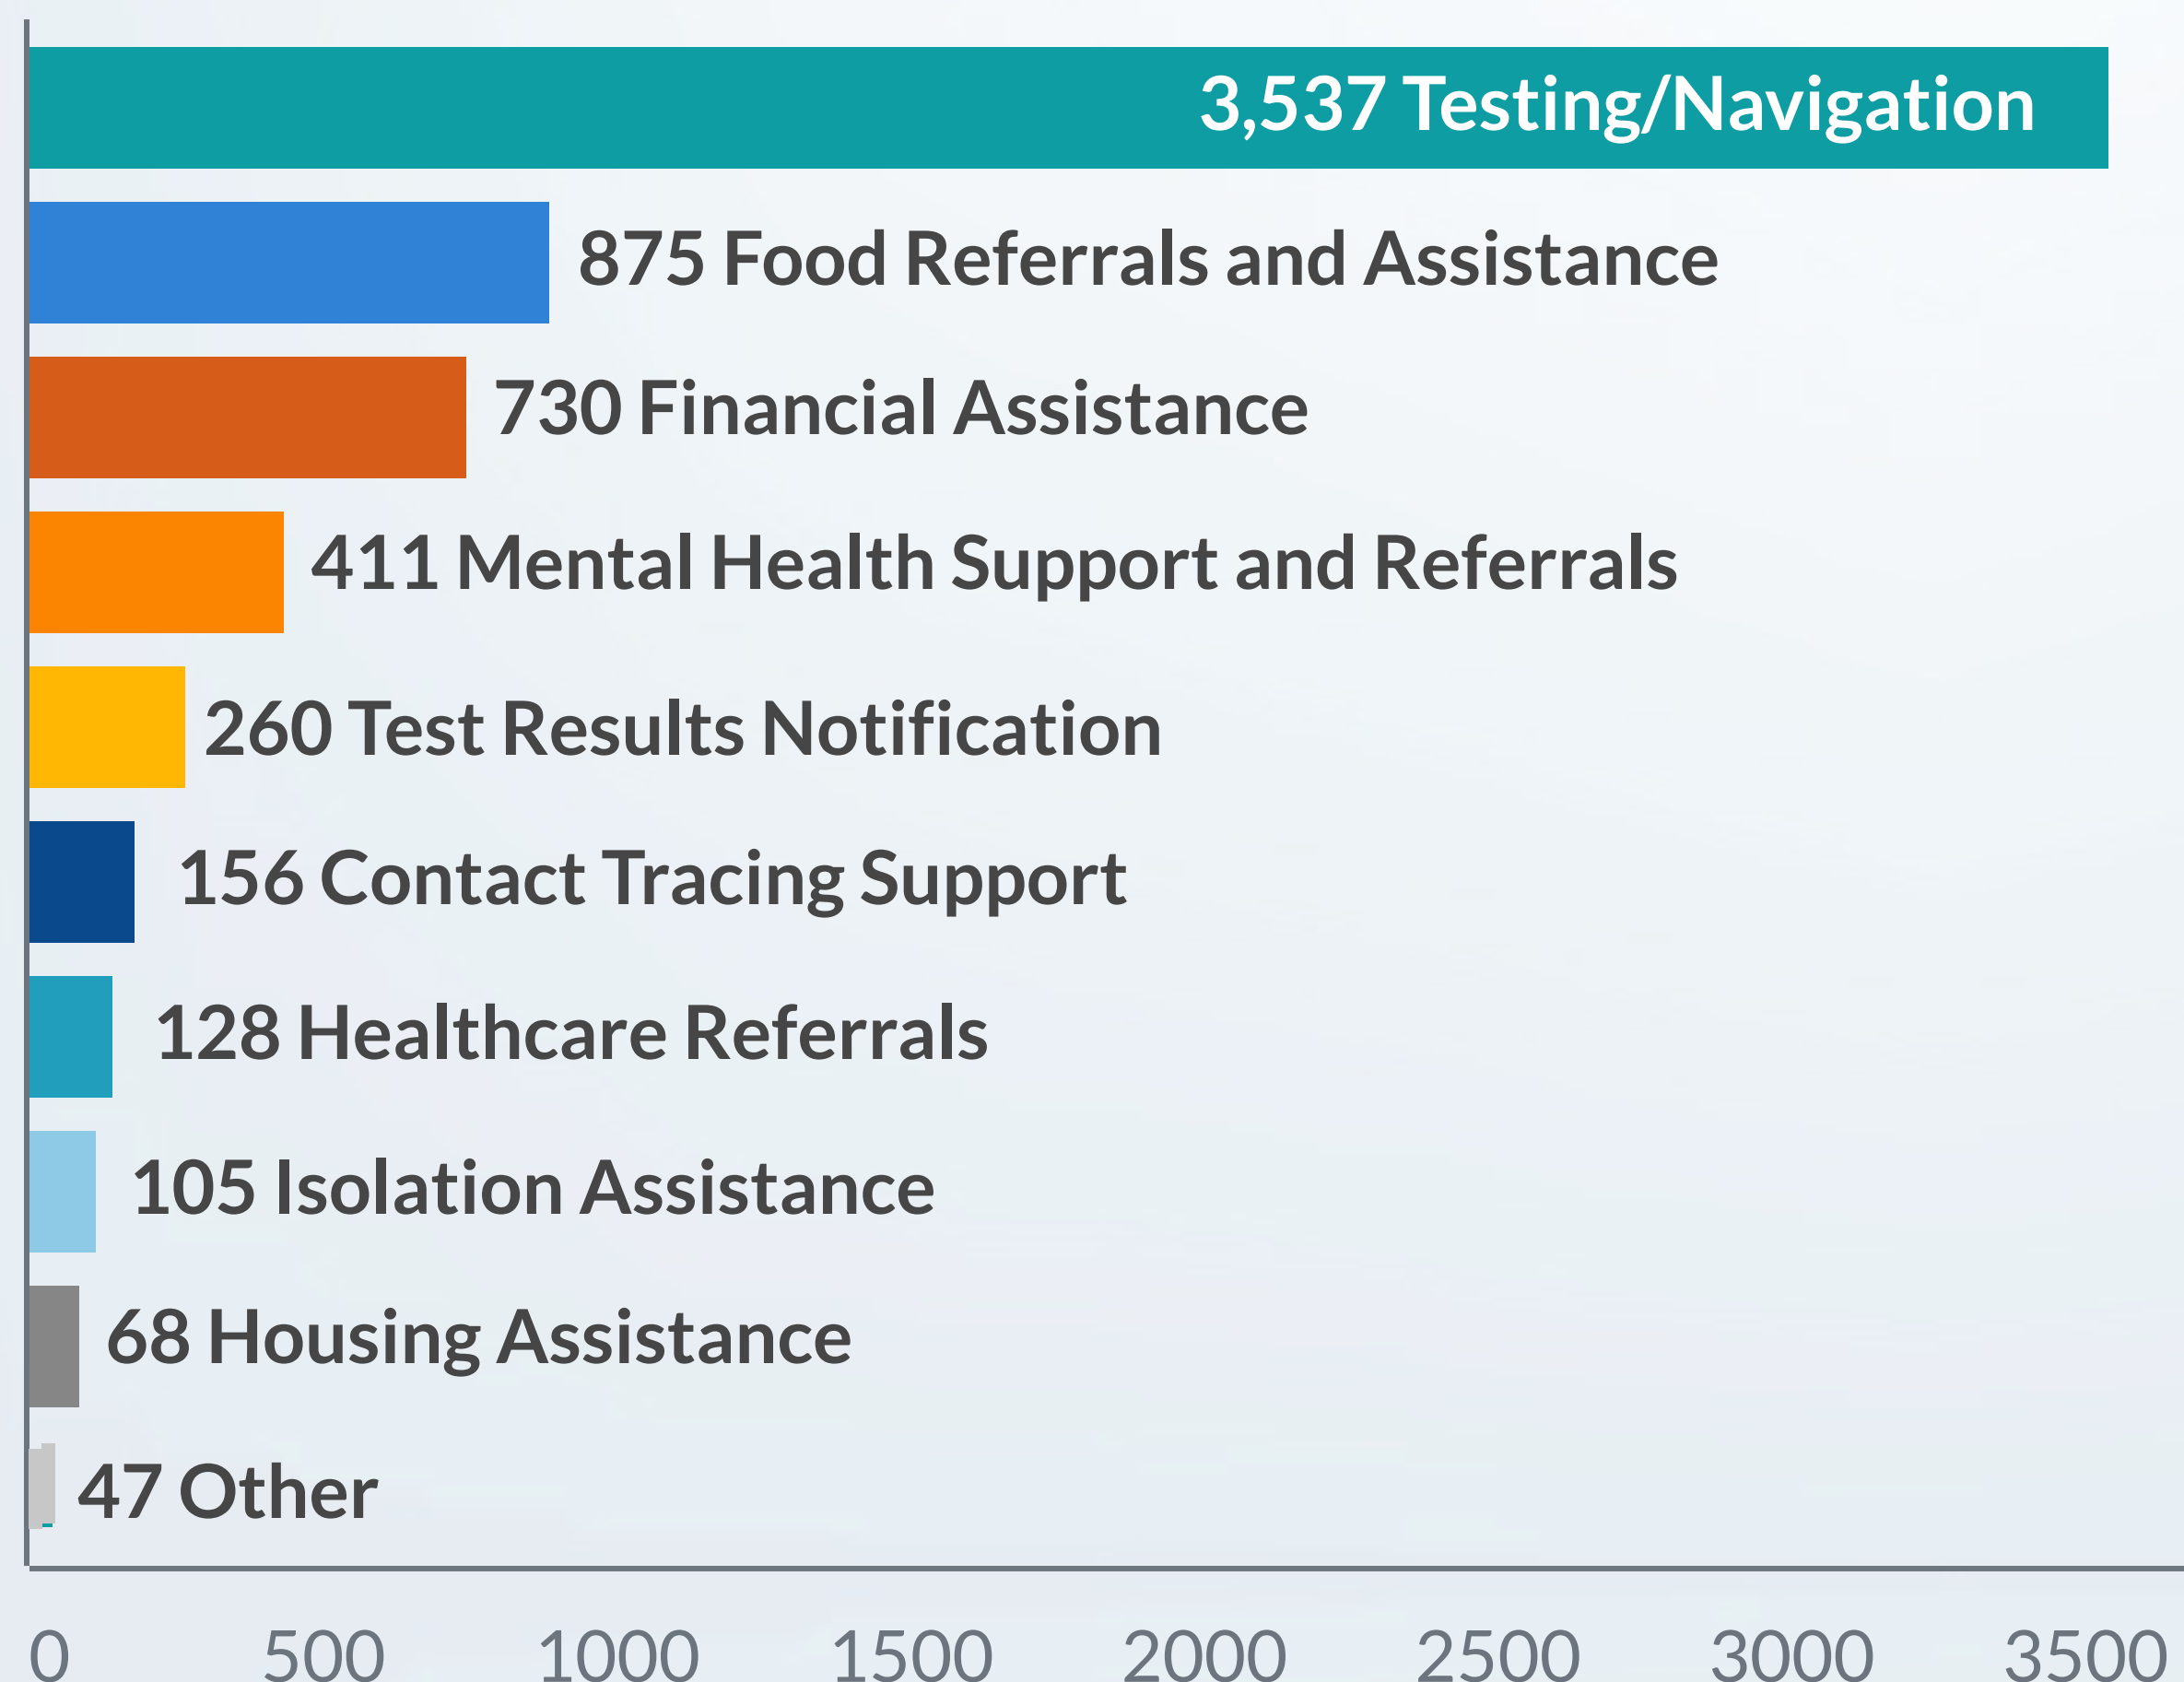

## 3.6 MILLION

Estimated number reached through media including newspaper articles, social media, press releases, and tv interviews.

## SUPPORT SERVICES PROVIDED

## CLIENT STORIES

After a recent trip, a headache started to bother me. I did not cough or have any fever, so I never imagined myself being positive for COVID-19. Despite all the concerns and uncertainties I had the moment I tested positive for COVID-19, the API team gave me a lot of assistance with going through the right procedure in protecting myself and the others. Our family is thankful to the API community by giving us fast and accurate test results.

First and foremost, I am very grateful. I was passing through difficult times. Latino Health Access gave me food and economic support. Thank you so much, LHA.
