

# COVID-19 VACCINE RESOURCES

In addition to OC Health Care Agency (HCA) vaccination sites (referred to as Point-of-Dispensing sites, or PODs), there are other channels through which people can receive COVID-19 vaccinations. Below is information about how to be vaccinated:

## How to Receive a COVID-19 Vaccination

COVID-19 Vaccine Providers	Appointment Registration Details
<b>OC Health Care Agency (HCA)</b>	<p>Vaccinations are administered at PODs throughout Orange County and are open to eligible members of the public with appointments. PODs are hosted by the County of Orange/the HCA in partnership with local cities and fire agencies. They currently offer Americans with Disabilities Act (ADA)-compliant drive-thru options for in-car vaccinations at sites at Soka University in Aliso Viejo and near the Disneyland Resort in Anaheim.</p> <p>Register at the <a href="http://www.Othena.com">www.Othena.com</a> website to be notified when vaccination appointments are available. Individuals who lack access to technology can call the OC COVID-19 Hotline at <b>(714) 834-2000</b> for assistance. To view a list of who is currently eligible for COVID-19 vaccination, visit <a href="http://www.COVIDVaccineFacts.com">www.COVIDVaccineFacts.com</a> and click "Distribution Plan."</p> <p>Contact <b>211 OC</b> by calling 2-1-1 or visiting <a href="http://www.211OC.org">www.211OC.org</a> to be connected with additional community resources that offer assistance such as transportation.</p>

## How to Prepare for Your COVID-19 Vaccination Appointment at an OC HCA POD Site:

- Individuals must bring a photo identification with proof of Orange County residency or employment in Orange County as well as documentation showing proof of a vaccine appointment.
- If arriving for a second dose appointment, please be sure to bring your vaccination card from the first dose appointment.
- The vaccination process typically takes 45-60 minutes. It is not necessary to arrive more than 30 minutes before your scheduled appointment.
- If you have a history of fainting with blood draws or vaccination, please let the clinical team know. Cots are available so the vaccine can be administered when you are laying down to prevent you from falling.
